****Climbing Shoe Resoling Course Regulations****

The climbing shoe resoling course lasts 5 days, from Monday to Friday, from 9:00 AM to 1:00 PM and from 2:00 PM to 6:00 PM, for a total of 40 hours. It takes place at the Action Directe resoling workshop located at Via Valprato 68, Turin, Italy.

Article 1 – Punctuality and Attendance

1.1. Students are required to arrive on time for the start of activities, both in the morning and afternoon.

1.2. In case of delay, students must inform the instructor as soon as possible, providing a valid justification.

1.3. Any absences must be communicated promptly, preferably with at least 24 hours' notice. Repeated unjustified absences may result in exclusion from the course.

Article 2 – Safety in the Workshop

2.1. Students are required to always wear personal protective equipment (PPE), such as gloves, protective glasses, and aprons, when using tools and machinery. These items will be provided by Action Directe S.C.

2.2. Students may only use equipment after receiving proper training from the instructor and under their direct supervision.

2.3. It is forbidden to handle machinery without the authorization or presence of the instructor.

2.4. Any incidents or malfunctions must be immediately reported to the instructor.

Article 3 – Hygiene and Order

3.1. Students are responsible for cleaning and organizing their workstations at the end of each session.

3.2. Tools and materials used must be properly stored after use.

3.3. Leaving material scraps or misplaced tools that could hinder others' work or pose a danger is not allowed.

Article 4 – Behavior in the Workshop

4.1. Students must behave respectfully toward their peers, the instructor, and the workshop staff.

4.2. Any behavior that endangers personal or others' safety is not tolerated.

4.3. The use of equipment by individuals not enrolled in the course is prohibited.

Article 5 – Materials and Equipment

5.1. Students must use only the materials provided during the course and should not waste or misuse resources.

5.2. The provided tools must be handled with care and respect.

5.3. In case of damage or malfunctions, students must immediately inform the instructor.

Article 6 – Use of Electronic Devices

6.1. Personal electronic devices must be turned off or set to silent mode during practical sessions.

6.2. Mobile phone use is allowed only during breaks or in emergencies, with the instructor's permission.

Article 7 – Breaks and Refreshments

7.1. Students must adhere to break times agreed upon with the instructor.

7.2. Food and drinks may only be consumed in designated areas and during breaks.

7.3. During breaks, students must ensure not to disturb ongoing activities of other groups or individuals.

Article 8 – Attention and Participation

8.1. Students must pay close attention to both theoretical and practical instructions provided by the instructor.

8.2. Active participation in exercises is mandatory. In case of doubts or difficulties, students should ask for assistance rather than proceed autonomously and risk making mistakes.

Article 9 – Emergencies

9.1. In the event of an emergency (fire, illness, etc.), students must follow the instructions provided by the instructor and adhere to the workshop's emergency plan.

9.2. It is mandatory to be familiar with and respect the escape routes and assembly points indicated at the start of the course.

Article 10 – Course Conclusion and Final Cleaning

10.1. At the end of each workday, students must clean and organize their workstations.

10.2. Before leaving the workshop at the end of the course, all materials used must be properly stored, and equipment must be checked and restored to working condition.

Article 11 – Penalties for Rule Violations

11.1. Failure to comply with any of the above rules may result in verbal or written warnings, up to exclusion from the course in severe cases.

11.2. The instructor reserves the right to take corrective actions in case of behaviors or actions that compromise safety or the proper conduct of the course.

Compliance with these rules is essential to ensure a safe and productive learning environment for everyone.
